

Disclaimer

Whilst every effort has been made to try to ensure accuracy, UKvisas shall not be liable for technical or editorial errors or omissions contained herein.

Readers may find apparent errors in arithmetic – for example, the total of applications issued and refused may not always equal the total of applications received. This can be caused by a variety of reasons. Applications can be carried forward from one year to another before being resolved. Applications may be withdrawn during processing (but still count as an application received). Similarly, there may be instances of appeals received being a percentage figure greater than 100% if appeals are received from the previous calendar year (but still in the time-scale permitted). Posts are also required to count all applications received (a mother and three children on one passport may count as four applications but only one entry clearance may be issued). Applications can also be referred to the Home Office for a decision to be taken, or for further enquiries to be carried out, or for Sponsors to be interviewed. In these circumstances, delays can and do occur between the application being received and a decision being taken.

As a result of an upgrade in the visa issuing software used by Posts overseas, a number of Posts have not been able to access the data inputted prior to the upgrade and they can not provide accurate applications numbers for 2001-02.
